WHY CONDUCT DRUG & ALCOHOL SCREENING?

- Identify potential pre-employment drug users & avoid loss of recruitment & training costs.
- Reduce health & insurance costs with post-accident testing.
- Deter drug & alcohol abuse workplace impacts through random testing.
- Improve employee productivity & morale with reasonable suspicion testing.
- Promote safety in the workplace through return-to-duty testing.
- Decrease in employee absenteeism, turnover and theft.

Increase your bottom line... By saving on workers' compensation claims, reducing accidents, absenteeism, theft & liability; therefore, producing a more productive workforce.

OUR SERVICE ROADMAP

- Our partnership begins with listening to understand your business & needs.
- We formulate compliant customer centric service offerings in response to your needs.
- Your client portal can be used for donor activity, screening status, billing information & various reporting.
- Your Service Level Agreement is closely monitored via statistical data. Updates are made post-client review.

There are many factors in structuring your workplace Drug & Alcohol Policy. To get started or for more information, Contact us today @ 601.564.7141 or info@medfusioninkk.com.

WHY US?

- MedFusion Inkk partners with SAMSHA-certified laboratories such as DDC Laboratories, Alere, EliteMed Laboratory, LabCorp, CRL, Quest Diagnostics & Alliance DNA.
- Our collection techs are trained in both DOT regulations & NDOT procedures.
 - Clients can expect 24/7 service between our brick & mortar site & onsite capabilities.
 - We also strive to create innovatively occupational healthcare for better patient outcomes.
 - From the client's organization assessment, client-side staff recipients, & industry training & testing services, we leverage our expertise from start to finish.

OUR MISSION

Our mission is to perform accurate testing while providing flexibility to our clients in an environment with a high degree of process, integrity, & innovative methods.

- Nicole Denson - President
